B) As you have refused to allow it to be made safe, a warning label has been attached - **YES/NO**

IS AT RISK BECAUSE: _____
and has been turned off and a warning label has been attached - **YES/NO**

Not To Current Standards

THE GAS APPLIANCE/GAS INSTALLATION:

An escape of gas has been detected on the installation and the supply turned off and disconnected.

Location: _____ **Type:** _____ **Make:** _____ **Model:** _____ **Serial No:** _____

IS NOT CURRENT STANDARDS (NCS) BECAUSE: _____

The appliance/installation is currently operating safely and does NOT constitute an Immediately Dangerous or At Risk situation. The defect(s) do not present a gas safety hazard at this time. However, in the interests of safety, it is recommended that work is carried out to upgrade the installation current requirements.

Not To Current Standards

I confirm that I have received this Warning/Advice Notice concerning the safety of the gas installation. I understand that the use of the appliance/installation in the case of an Immediately Dangerous or At Risk installation, could present a hazard and could place breach of the Gas Safety Regulations.

Signed: _____ Print Name: _____ Date: _____

The gas user was not present at the time of this visit and, where appropriate, (an (ID) or (AR) situation) the installation has been made safe and this notice left on the premises.
